Bluetooth™

4.0

HANDS-FREE AND ADVANCES BLUETOOTH 4.2+EDR TECHNOLOGY

Latest Bluetooth technology enables high pairing speed and stable connectivity. **AP** supports iPhone, iPod and most smartphones and devices which have Bluetooth function.

AP brings you freedom, drive with both hands when having calls, enjoy stereo music while doing sports, reading, running, biking, training, jogging, hiking, exercising with them in your ears.

ENHANCED AUDIO EXPERIENCE

Equipped with A2DP/AVRCP audio processing system and noise isolation technology, **AP** allows you enjoy a High-Fidelity sound and cut out from noisy surroundings. High definition sound quality and bigger Diaphragm facilitate more detailed rhythm. It automatically connects to your device paired previously. It can connect with two different devices at the same time. Latest speaker design can transmit sound directly to the ear canal, which enables **AP** to be comparable with professional headphones.

USER-FRIENDLY

AP can quickly pair with any smartphone and any other Bluetooth device. You have complete control over multiple functions such as "answer, hang-up, play, pause and switch" with a slight tab. Built-in microphone bears super sensitivity; which allows answering the incoming call with a tab on the product. Once paired with any Bluetooth device the earphone provides a working range up to 30 feet.

BUY WITH CONFIDENCE

AP is backed by Original MICRODIA 12-Month Limited Warranty.

STRONG COMPATIBILITY

AP is compatible with most of the Bluetooth enabled cell phones like iPhone, iPad, iPod and Android phones. The iPhone range includes 8 / 8 plus, X, iPhone 7 / 7 plus, iPhone 6 / 6s / 6s plus and iPad 2, 3, 4. It is also recommended to be used for Samsung Galaxy too.

ERGONOMIC DESIGN

AP is sleek and specially engineered to be comfortable for ears even for all-day wearing. The ergonomically designed earphones securely fit in the ears and adapt to the ear structure which make it stay securely. The sweat-proof materials also make sure full functionalities during exercise or outdoor activities.

EFFICIENT CHARGING

Each **AP** comes with a unique portable charging case. Battery status is displayed on iOS device to alert you the charging time. Full charged battery provides 4 hours of music playing time and supports up to 120 hours stand-by time. It takes only 1 hour to charge the battery to its fullest capacity with a USB-C cable.

SAVE TANGLED MESS FROM CABLES

AP is an upgraded version of all conventional wireless earbuds as it comes with wireless charging feature. Nothing will stop you from enjoying music during sports or calling while driving from now on. Place **AP** on a wireless charger to start empowering them.
